Rhino Upgrade Option

The T-Zone ball is a high quality

polyester ball designed to

roll straight without much hook.

The Rhino is a high quality reactive resin

ball designed to give more hitting power and give

the bowler the ability to throw a hook ball.

Bowlers will receive a Brunswick T - Zone.

OPTIONAL Upgrade to a Reactive Resin Ball for Only \$55

(Upgrade Ball will be the Brunswick Rhino Resin)

When do I get my new ball?

New bowler balls will be given out at half way point of your league.

What if I want my ball sooner? It is doable just a little more complicated. You will pay a \$20 rush fee, then your ball will be ordered right away and be available to you within 2 weeks. Why do I have

to pay a rush fee? We are able to get a better price from the supplier if all balls are ordered at same time. When orders are placed individually for rush orders the cost is considerably more.
